

Food & Nutrition Board

The Food & Nutrition Board (FNB) is a technical support wing under Child Development Bureau of the Ministry. It has a countrywide set up comprising of a Technical Wing at the Centre, four Regional Offices and Quality Control Laboratories at Delhi, Mumbai, Kolkata and Chennai and 43 Community Food & Nutrition Extension Units (CFNEUs) under the Regional offices, located in 29 States/ UTs as per details at Annexure 1.

Role of Food & Nutrition Board

The main functions of FNB are:

To oversee implementation of various nutrition oriented sectoral interventions & issue policy guidelines on critical nutrition issues;

To promote and coordinate activities with regard to bringing nutrition issues to centre stage through advocacy and sensitization of policy planners and implementers.

To undertake awareness campaign on prevention and control of malnutrition at all levels including infant and young child nutrition issues;

To focus on reduction in micronutrient malnutrition;

To improve content and delivery of existing nutrition related interventions enlisting cooperation of professional institution and social organizations in the area of nutrition and health.

Activities on continuing basis are:

Follow up action on the National Nutrition Policy and Inter-sectoral coordination.

Nutrition Education Training, both for the masses and for ICDS functionaries.

Mass Nutrition Awareness Campaigns and education through mass media

Test checking the quality of supplementary nutrition served to children and pregnant/lactating women.

Development, production and distribution of nutrition education/training material through print and electronic media.

Training in Home Scale Preservation of Fruits and Vegetables for domestic consumption.

Development and Promotion of recipes using locally available and low cost Nutrition Foods.

Nutrition Policy and Prime Minister's National Council on India's Nutritional Challenges

Improvement in nutritional status of the population requires a multi-sectoral approach for accelerated action on determinants of malnutrition, better integration & policy coherence. At the same time, there is a need for direct nutrition interventions for targeted & vulnerable groups such as children (0-6 yrs), pregnant & lactating mothers, and adolescent girls.

A joint Strategy Note to 'Address India's Nutrition Challenges' was prepared by Ministry of Women & Child Development and Ministry of Health and Family Welfare which was followed by a number of consultations with various stakeholders, Consultative Committee of the Parliament and meeting with Young MPs. Thereafter, the Planning Commission held the Multi-Stakeholders Retreat on Addressing 'India's Nutrition Challenges, on 7-8th August, 2010 in which nearly 200 participants from the central Ministries/Departments and State Governments/ UTs, field functionaries such as Anganwadi workers, Supervisors, CDPOs, ANMs, Health functionaries, PRI members and NGOs participated. The various suggestions received and consultations held were incorporated in the agenda for the Prime Minister's National Council for India's Nutrition Challenges.

The major recommendation of the PM's National Council for India's Nutrition Challenges are:

- i. Strengthening and restructuring of ICDS with special focus on pregnant and lactating mothers and children under three. Convergence of ICDS with National Rural Health

Mission and Total Sanitation Campaign particularly at the district and village level is also emphasized.

- ii. Multi-sectoral approach in consultation with Planning Commission and Ministry of Health & Family Welfare to address the maternal and child malnutrition in 200 selected high-burden districts.
- iii. A nationwide information, education and communication campaign coordinated by the Ministry of Women & Child Development in consultation with Planning Commission and Ministry of Health and Family Welfare would be launched against malnutrition so as to address different issues of women and children under two, hygiene and sanitation. The active involvement of people's representatives, civil society activists, media persons and celebrities would be ensured.
- iv. The Ministries that deal with Health, Drinking Water Supply and Sanitation, School Education, Agriculture and Food & Public Distribution will bring strong focus on nutrition to their programmes. Following the meeting of the Prime Minister's National Council on India's Nutritional Challenges on 24th November 2010, several meetings, consultations, discussions have been held by Secretary, WCD and Joint Secretary, WCD with the different Ministries, Development Partners, Institutions etc. and conceptual frameworks are in progress.

Nutrition Education and Training

Advocacy and sensitization of policy makers, nutrition orientation training for programme managers and capacity building of field functionaries are the important activities of the Food & Nutrition Board. Different activities are carried out for different target groups for disseminating nutrition related information the details of which are as under:

- i. Training of Trainers (TOT): Each CFNEU organized five days training of 20 nos. of Master Trainers comprising of Child Development Project Officers (CDPOs), Assistant Child Development Project Officers (ACDPOs), Senior Supervisor, Medical Officers, Nursing Officers, Health Educator, Principal/Head Master of school implementing Mid-day meal etc. who acts as trainer for the grass-root level functionaries.

During the year 2010-11, a total number of 41 training courses have been organized & 805 no. of participants have been trained.

- ii. Orientation Training Courses (OTC): Each CFNEU organized the training for 2 days for 30 participants comprising of AWWs, Helpers, adolescent girls, Pregnant, newly married communities PRT etc.

During the year 2010-11, a total number of 530 training courses have been organized and 15917 grass root level functionaries were benefitted.

- iii. Home Scale Preservation of Fruits & Vegetables and Nutrition: The CFNEUs organized one week training course for the housewives and adolescent girls to encourage them to preserve fruits and vegetables at the household level. This increases the consumption of fruits and vegetables and also develop skills which could be useful for income generation. Each CFNEU organized training courses for 30 participants per month. A Ready Reckoner on preservation of Fruits, Vegetables and Nutrition Education is distributed to the trainees on completion of the training. Special training courses are conducted exclusively for SC/ST adolescent girls and women and a stipend of @ Rs. 100 is given.

During 2010-11, a total of 238 courses have been organized & 7511 persons got benefitted. In addition 79 special courses for SC/ST were organized and 2310 SC/ST beneficiaries participated.

- iv. Nutrition Education Programmes are undertaken in Rural, Tribal Areas and Urban Slums to encourage appropriate dietary intake and healthy life styles.

During the year 2010-11, a total number 4071 programmes have been organized covering 142132 beneficiaries.

- v. Monitoring of Supplementary Nutrition Programme and Nutrition Education & Awareness for ICDS Functionaries: Anganwadis under different ICDS projects are visited to monitor the “supplementary nutrition” and “nutrition and health education” components of the ICDS. The technical staffs of CFNEUs during inspection provide technical support cum

practical demonstration on nutrition and health education of the grass level workers at the AWC. The observation at AWCs are communicated to the respective State Secretaries in-charge of WCD and at the headquarter level also.

Mass Awareness Campaign

Nationwide celebration of events like World Breast Feeding week (1-7 Aug), National Nutrition Week (1-7 Sep) are organized on specific themes with the active cooperation of respective State Governments, educational institutions, NGOs and media. Various activities were carried out during the week and these are telecast/ broadcast through All India Radio, Doordarshan and Press during the celebration period. Besides these, Global Iodine Deficiency Disorder Prevention Day (21st Oct), ICDS Week Celebration during second week of Nov. and International Women's Day (8th March) are some other events organized by Food & Nutrition Board.

The World Breastfeeding Week was observed from 1-7th August, 2010 on the global theme of "just 10 Steps! Breastfeeding the Baby-Friendly Way" by all the CFNEUs throughout the country. State level symposium in 29 States/UTs, orientation training on infant and young child feeding, awareness generation camps and community meetings were organized. Print media, All India Radio (AIR) and Doordarshan covered the programme celebrated throughout the country.

National Nutrition Week is celebrated every year since 1982 from 1-7th September to intensify nutrition awareness through various modes and interventions to reach the masses in the far flung areas of the country. This year, the theme for the National Nutrition Week was 'Nutrition Promotion for Stronger Nation'. Activities organized included demonstration of low cost nutritious recipes, discussions on importance of growth monitoring and child nutrition, use of new WHO Growth Standards, organization of mini exhibitions at District level, Nutritious Quiz competitions, Nutrition Rally, Puppet shows/Street play etc. Apart from the above, dissemination of nutrition information to the masses is also undertaken by organizing exhibitions on nutrition in the prestigious meals/fairs.

Exhibitions

Food & Nutrition Board participated in the 'Awareness Camp on Socio-Economic Empowerment of Women' jointly organized by Central Social Welfare Board (CSWB) and Rashtriya Mahila Kosh (RMK) at Dilli Haat, Pitampura, New Delhi on 23rd July, 2010 wherein nutritious diets for different age groups were displayed. Low cost nutritious recipes were demonstrated. People were counselled on weight management and Body Mass Index assessment.

FNB participated in the exhibition on Nutrition during 6th Food and Technology Expo held at NOIDA from 6-8th August, 2010. FNB also participated in the exhibition on Nutrition in ICAR Complex, Pusa on 7-8th August during the Multi-Stakeholders Retreat on Addressing India's Nutrition Challenges, on 7-8th August, 2010.

The Vatsalya Mela, organized during 14-19th November at Dilli Haat, INA, Delhi had the active participation of FNB wherein there was display and discussion on nutritious diets for vulnerable groups i.e. infants, children (1-3 yrs), adolescents, pregnant & nursing women. Live demonstrations of nutritious recipes using locally available, economical foods were conducted. Assessment of BMI attracted a large number of people. The video spots on Infant & Young Child Feeding, Micronutrients, Nutrition of Girl Child & Nutrition of Adolescent Girl were played. The Nutrition quiz was organized for different age groups. Exhibitions were also undertaken at Bhopal on 9th -13th Mar, 2011 and Raipur on 24th – 26th Feb, 2011.

Media Activities

- A. 'Poshan aur Swasthya', a Radio sponsored programmes of 15 minutes duration on important nutrition topics has been broadcast on FM Gold, FM Rainbow & Vividh Bharti Radio Station in Hindi, English & Regional languages during the year.
- B. Telecast and Broadcast of 30 seconds of audio & video spots on Infant & Young Child Feeding (IYCF) was undertaken through DAVP during the period. December 2010 to February 2011, & also for 10 days w.e.f. 1st March to 10th March 2011. Broadcast of 30 seconds of Infant & Young Child Feeding (IYCF) & Micronutrients audio spots during World Cup Cricket Matches w.e.f. 19th February to 2nd April 2011, was undertaken.

Development of Education and Training Material.

Development of educational and training material on nutrition has been one of the important activities of FNB. Some of the important publications are

Hand Book and Special Reports

- i. National Nutrition Policy
- ii. National Plan of Action on Nutrition
- iii. Integrated Nutrition Education – A Handbook
- iv. Food Based Dietary Guidelines
- v. Ready Reckoner on fruits and vegetables preservation and nutrition
- vi. National Guidelines on Infant and Young Child Feeding

Folders

- Mother's Milk – Is Nature's Gift to Infants
- Consume Green Leafy Vegetables daily and improve your vitality
- Consume Seasonal Fruits and Vegetables for Vitality

Posters

- Nursing Mothers Need to Eat More
- Pregnant Women Need Extra Food and Care
- Infants Need Adequate Food for Growth and Development
- Iodized Salt
- Child's health is nation's wealth
- Ensure Nutrition of the girl child and eradicate the malnutrition
- Prepare Infant Food mixes at home
- Prevent Anaemia (Consume Foods Rich in Iron)
- Vitamin A

Chart

- Guidelines on Infant Feeding

Food Analysis and Standardization

FNB has four Quality Control Laboratories at Delhi, Mumbai, Kolkata and Chennai for chemical analysis of processed fruit, and vegetable products as well as various supplementary foods used in feeding programmes. The samples of the supplementary foods used in ICDS and Mid-Day Meal Programme are received from the State Departments of Social Welfare and Women & Child Development for analysis.

The IMS Act.

Infant Milk Substitute, Feeding Bottles and Infant Foods (Regulation of Production, Supply and Distribution) Act, 1992 IMS Amendment Act, 2003. Ministry of Women & Child Development has been instrumental in acting as powerful tool to protect, promote and support breastfeeding. In order to further strengthen the Act, the Government enacted 'Infant Milk Substitute, Feeding Bottles and Infant Foods (Regulation of Production, Supply and Distribution) Amendment Act, 2003. The amendment was notified on 2.06.2003 and came into force from 1.1.2004. States have been intimated to take steps for implementation of the IMS Act. A joint letter from Ministry of Health & Family Welfare and Ministry of Women and Child Development was issued secreting on 17th August, 2010 requesting to expedite action towards promotion of breastfeeding and protecting it from commercial interest. The Government of India have authorized four voluntary organizations engaged in the field of child welfare, development and child nutrition through Gazette notification to make a complaint in writing if observed that the IMS Act is violated.

The four organizations are namely:-

1. Central Social Welfare Board
Samaj Kalyan Bhawan
B-12, Tara Crescent, Institutional Area
South of IIT, New Delhi – 110016
2. Indian Council for Child Welfare
4, Deen Dayal Upadhyaya Marg,
New Delhi – 110002
3. Association for Consumer Action on Safety and Health (ACASH)
Room No. 21, Lawyer's Chamber
R. S. Sapra Marg,
Mumbai – 400002

4. Breastfeeding Promotion Network of India (BPNI)
BP – 33, Pitampura,
New Delhi - 110034

Other Important Activities

1. The subject matter of the discussion in the meeting of the Consultative Committee of Parliament for Ministry of Women and Child Development held on 25th June, 2010 at Nainital, Uttarakhand was 'Malnutrition in Women and Children – Problems and remedies'. Pursuant to the discussion on malnutrition in the Meeting of the State Minister and Secretaries, in-charge of Women Child Development on 16-17th June, 2010, the States were requested to set up State Nutrition Councils and formulate State and District Action Plans on Nutrition at an early date.
2. The meeting with 'Young MPs to discuss issues related to malnutrition' was held on 28th July, 2010 under the Chairpersonship of MOS (IC), MWCD at Parliament Annex to discuss the strategies and interventions to reduce malnutrition in the country. The young MPs gave valuable suggestions emanating from ground realities.
3. India participated in the 32nd Session of the Codex Committee on Nutrition and Foods for Special Dietary Uses (CCNFSDU) at Santiago, Chile from 1-5th November 2010. The Indian Delegation was led by Dr. Shreeranjana, Joint Secretary & the Chairman of the Shadow Committee of CCNFSDU. The proposal by India for inclusion of a New part 'B' for underweight children in the standard for Processed Cereal-Based Foods for Infants and Young Children (with minimum of 50% cereal content, 12% Protein content and 1g/kcal Energy density content of the product), was considered. The Committee agreed to the proposal and the same is to be presented before the 34th Session of the Codex Alimentarius Commission for approval.
4. The meeting of the National Committee on Infant & Young Child Feeding was held on 9th June, 2010 under the Chairmanship of Dr. Shreeranjana, Joint Secretary, MWCD. The Committee constituted three working groups on (i) Protection of IMS Act, (ii) Support of Breastfeeding (mainly crèches and maternity benefits), and (iii) Promotion of Breastfeeding.

5. A Nutrition Resource Platform (NRP), being set up with support from CARE, will be located at NIPCCD, New Delhi. The NRP will serve as digital resource including blasting of messages; provide interactive forum and exchange of information. In addition it will have facilities to capture Interactive Voice Response (IVR) system based data capturing mechanism. Data captured would be automatically integrated in the MIS report system on identified indicators.
