Dated 14.8.2017

Corrigendum 2 : EoI for “Selection of Consultancy Agency for IT Project in the MWCD” - Pre-Bid meeting queries and clarifications –reg.

The pre-bid meeting was held on 14.8.2017 to address the queries of prospective bidders and clarify the issues. Representatives from five organizations attended the meeting. Three organizations, IPE Global, KPMG and PwC, had sent email earlier seeking clarification on certain issues. The issues raised by the prospective bidders and clarifications given are as under:

Sl. No.	Issue raised	Decision / clarification
1	PwC and IPE Global requested that the last date of EoI submission may be extended, keeping in view the holidays and proximity of pre-bid meeting date to bid closing date.	Accepted. The closing date for submission of EoI is extended by one week. Bids will be accepted till 4.00 PM on 24.8.2017.
2	IPE Global requested for relaxation of the evaluation criteria ‘Qualitative Assessment’ in Additional Pre-Qualification Criteria on the ground that in many previous projects the client have changed/transferred and it is very difficult to get client recommendations	Not accepted. It was clarified that individual functionary of a client department may change/transferred but obtaining client recommendations should not be a problem as long as the client department exists and the project is completed satisfactorily.
3	IPE Global and KPMG sought clarification on the evaluation criteria ‘Patents’ in Additional Pre-Qualification Criteria	It was clarified that obtaining Patents is a reflection of bidder’s competence in its field.
4	PwC sought clarification whether information of the entire company or only resources engaged in consultancy services is to be given on the Pre-Qualification Criteria ‘Manpower strength’.	It was clarified that information on resources engaged in consultancy services is to be given.
5	PwC mentioned that the requirements under ‘Technical Capability’ of Pre-Qualification Criteria in terms of completion of projects of ‘Similar nature’ of specified costs are stringent and need relaxation.	It has been decided to widen the scope of projects of ‘Similar nature’ without changing the specified cost of the projects. Accordingly, projects of ‘Similar nature’ will include consultancy in Project Monitoring in addition to consultancy in MIS development.

2. In terms of Section 2.4 (d) of the Notice inviting Expression of Interest, this corrigendum and clarifications shall be deemed to be part of the original EoI and equally applicable to all prospective bidders.
